## APPLICATION PACK FOR LINCOLN COLLEGE SCHOLARSHIPS FOR RETURNING RESIDENTS

### Closing date and time listed on website

Residents are eligible to apply for these Scholarships from their second year in college onwards. Scholarships are available to members of the College who have completed at least one year of university study while in residence and who are full-time undergraduate students at an Australian university. Academic achievement forms a significant component of the selection process.

To apply for scholarships at Lincoln College you must:

1. Read the Scholarship descriptions and conditions (in this document), and select which Scholarships you will apply for. It is suggested that you read the entire document before starting your application. Check eligibility criteria to ensure you are eligible for the scholarships you apply for.
2. Complete the Online application form, and attach any required documents.
3. Attach your most recent ENTIRE academic transcript showing subjects studied and results for each subject\*. Semester 2 results must be supplied to admin@lincoln.edu.au as soon as they are received.
4. Ask for a reference from your current Residential Advisor that is delivered by Jotform before the scholarship closing date.
5. Incomplete or late scholarship applications will not be considered

#### **\*MBSS STUDENTS AND OTHER NGP STUDENTS:**

Medical students and other students who only receive a result of NGP on their transcripts must provide written evidence from their course advisor of more detailed results. This is important in particular for the Jubilee and Hambly Scholarship applicants, for which Academic results are central criteria.

#### **All Applicants will need to supply the following information in the online form**

1. Provide details, and evidence where possible, of your involvement in Lincoln College activities in the previous year (or for your whole residency in College, organised by year, if applying for the Jane Smith or CK Cheong Scholarships).  
These may include College Club, Sport, Music, Academic Peer Support, Spiritual Activities or

anything else that benefited the college and your fellow students. Remember to provide a detailed report on everything you contributed, as this will form a major part of the scholarships assessment, and if it is not included in this form, it cannot be assessed.

2. Indicate what you believe to be:
  - a) the benefits to you from residing at Lincoln College; and
  - b) the benefits to the College and your fellow students from your residence at Lincoln College.

Give specific examples.

3. A written reference from your current Residential Advisor to be delivered by Jotform before the scholarship closing date.
4. Your most recent Academic Transcript, showing all subjects you have studied at university since the start of your residence at Lincoln, attached to the online form. The transcript does not need to be certified; a printout from your online student account is sufficient. As Scholarships are awarded in part for successful academic performance, students are reminded that a record including Failing grades in the current year will preclude them from applying for a scholarship.

## **INFORMATION ABOUT SCHOLARSHIPS**

### **The Frank Hambly Memorial Scholarship**

The Frank Hambly Memorial Scholarships were established to commemorate the service to Lincoln College of the Reverend William Frank Hambly, M.A, D.D., Master of the College from its inception in 1952 to his death in 1972.

It aims to recognise excellence in academic achievement while at the same time acknowledging contribution to College Life and the broader community.

### **The Jubilee Scholarship**

The Jubilee Scholarship was instituted by the Council of the College to celebrate 50 years of continuous service to the university students of South Australia since the opening of the college by the Methodist Church in 1952. The award has been made possible by the generosity of Past Collegians who have contributed to a Jubilee Scholarship fund. The Jubilee Scholarship will be offered annually from the income derived from the fund.

The scholarship is intended to reward all-round performance in terms of academic achievement and contribution to the community life of the College.

### **The Andrew Smith and Jane Smith Scholarships**

In 1964 Andrew began as an intern at the Royal Adelaide Hospital and subsequently engaged in graduate studies in England where he was admitted as a Fellow in the Faculty of Anaesthetics in the Royal College of Surgeons.

After returning to Australia he took up a post at the Royal Adelaide Hospital. He was appointed as a Member of the Lincoln College Council in 1973, served as Secretary of the Council in 1976 and became Chairman of Council in 1978, a position from which he retired in 1985. In 1986 he was made a Life Member of Lincoln College. His association with the College as a student, and subsequent involvement in the government of the College, his spirit of participation and continued interest and involvement in the life of the College is honoured in the establishment of the Andrew Smith Scholarship.

In 2009 Andrew Smith endowed a Scholarship at Lincoln College. The Council agreed to name this scholarship the Jane Smith Scholarship in recognition of the contribution of Andrew's wife Jane to Lincoln College. Whilst Jane is not an Alumna of the College, she is a true friend to Lincoln and many of its residents have been blessed by her friendship, advice and hospitality. She has also been a great support to Andrew in his endeavours with the College.

### **The Colombo Scholarship**

In April 2009, the family of Alumnus Datuk Dr Sam Abraham provided a seeding endowment for what has become The Colombo Spirit Scholarship. Lincoln Alumnus Sam Abraham was a recipient of a Colombo exchange from Malaysia and this scholarship has been created to reflect his enduring spirit and legacy, as well as the spirit of the Colombo venture: knowledge, skills, friendship, cultural exchange, and people to people relationships.

The Colombo Plan was crucial to the growth of Australian tertiary education in the international market. Lincoln College has long benefited from the short term and long term effects of the Colombo Plan and the scholars who travelled here to earn their degrees via the scheme. The College has had Colombo Plan recipients in residence from several of the Colombo plan countries, but mostly from Malaysia. Their spirit imbues the spirit of Lincoln College.

*“Though not often acknowledged, the Colombo Plan students and particularly those from Malaysia (who were the single biggest group) played a major part in the reshaping of Australia, its culture, its values and its people. Many of those students were active not only in their universities as student leaders but worked across the spectrum of employment in their vacations, lived with Australian families and spent countless hours speaking at service club meetings. Their contribution to Australia, whilst unmeasured, was as enormous as it is valuable...in the case of Malaysia and Australia, the Colombo Plan was the foundation for an enduring understanding based on people to people relationships.”*
